

Report of the Rules Committee

February 21, 2021

The committee continues its work on reconciling amendments to the governing documents. The corrected Constitution should be published soon. We have delivered a ruling to the Chairman and the EC, and will next consider a question referred by an affiliate before producing our packet for the coming annual business meeting.

We remind the entire membership that county affiliate reaffiliation paperwork is due to the LPF Secretary by the end of March. Regional representatives are responsible for helping affiliates in their jurisdiction complete and submit that paperwork to maintain their affiliation. Directors and officers are free to help. There are prerequisite steps for reaffiliation which are required by state statute. The details are in the County Affiliation Guide at <https://docs.lpf.org/county-affiliation-guide/> .

We remind affiliates of the obligation under statute and LPF rule to provide public notice of meetings on their public and functioning web site, and that facebook does not satisfy that obligation.

For the Rules Committee,

Tony Sellers (Chairman)
